

**Cunningham & Partners: Covid19 Update – July 2021**

During the continued pandemic, all of us at C&P wish to reassure you of our continued commitment to you. We are taking every possible step to ensure that our business continues to provide you, our clients, with the same level of service that you have come to expect.

In line with government and best practice guidelines, we are staggering our return to the office, including flexible working. All Covid precautions are in place, including social distancing, masks, frequent cleaning and sanitization, as well as regular testing. We are contactable on our individual email addresses or by telephone, so please contact us if you have any questions or queries about your insurance needs.

If, during this time, you have left your own home and have moved to a second home or elsewhere for whatever reason, it is extremely important that you advise us of this, so that we can update your insurer. Unoccupied properties can cause a high risk from many points of view and it is imperative that you let us know of any changes to the occupation of your property.

In addition, working from home or other locations can increase the risks of a cyber incident, breach or attack, so if you have any concerns about this, please let us know and we will assist you.

We hope that you and your families remain safe and well during this time and please do not hesitate to contact us.

Dominic, Philip, Sophia, Monika, Charles & Suzy
